Feedback

Career Center & Student Feedback

1. What are areas where you think the Career Center could improve?
2. What out-of-classroom experiences (besides internships) do you believe more students should be participating in to help prepare them for a career in your field?

Publicity & Communication

3. What platforms/communication tools are other universities using that you have found effective?

Services

4. We are considering eliminating Plus! Services (required resume review prior to seeing job listings). What are your thoughts about this potential change?

Access & Challenges with Students

5. Are you finding the talent you need on our campus? If not, what can we do to provide you better access?
6. Are students accepting and then renegeing on offers more than in the past? What best practices have you seen at other universities that may help reduce this issue?
7. What programs do you have for international student recruitment?
8. What are your diversity initiatives? How can The Career Center help with these?
