

ProfessioNole Pathways

ProfessioNole Competencies

- **Critical Thinking & Problem Solving:** Identifies important problems and questions and gathers, analyzes, evaluates information from a variety of sources before forming a strategy, decision, or opinion.
- **Research & Innovation:** Accesses and evaluates multiple sources of information, and synthesizes information to solve problems and create new insights to influence or develop new ways of thinking or working.
- **Communication:** Conveys meaning and responds to needs of diverse audiences through writing and speaking coherently and effectively, and develops the expression of ideas through written, oral, and digital mediums.
- **Teamwork & Cross-Cultural Collaboration:** Works with and seeks involvement from people with diverse experiences and identities towards a common goal, demonstrating strong interpersonal skills, respect, and dignity for others.
- **Leadership:** Takes initiative, demonstrates effective decision-making and informed risk taking, and motivates and encourages participation from others to work towards a shared purpose and vision.
- **Professionalism & Ethical Responsibility:** Demonstrates integrity, honesty, dependability and ethical responsibility and accepts direction and personal accountability.
- **Career Management:** Accesses information and opportunities for career exploration, understands and articulates transferable skills in the job search process, and engages in lifelong learning to network and self-advocate for future opportunities that lead to a fulfilled life.
- **Digital Fluency:** Demonstrates technological literacy and skills, and ethically and effectively uses technology to communicate, problem-solve, and complete tasks.
- **Global Fluency & Social Responsibility:** Demonstrates an understanding of systemic, complex global and social issues, and how issues and actions have local and global implications for the future; appropriately challenges unfair and unjust behavior to make a positive difference in the community.

<p>CodePath iOS</p> 	<p>With over 1 billion active Apple devices, knowing how to create iOS apps has the potential to connect you with hundreds of millions of users worldwide. More and more, students are realizing how vital and valued it is to have iOS development skills and experiences, especially if you want to make a difference within the tech industry.</p> <p>The iOS for university course features twelve weeks of intense, project-focused iOS training inspired by our professional bootcamps and facilitated by CodePath-trained Teaching Assistants. Classes meet on campus twice a week for two-hour lab and coding sessions. During the first half of the course, students build their skills through labs and projects using the APIs of popular apps like Tumblr, Yelp and Twitter. Students then apply what they've learned in the second half of the course, working together in small teams to build a completely original app from the ground up. The culmination of the course is a Demo Day event at which students present their finished products to an audience of peers, faculty and industry professionals.</p> <p>Learning Objectives</p> <ol style="list-style-type: none"> 1. Students will explore iOS mobile app development 2. Students develop knowledge in the design and implementation of RESTful API clients 3. Students demonstrate the ability to design fully functioning Apps 4. Students are able to work effectively in teams 5. Students will present original team projects to tech companies. 	<p>Digital Fluency, Communication, Research & Innovation, Critical Thinking & Problem Solving</p>
<p>Sustainability Pathways</p>	<p>The Sustainability Pathways program recognizes students as they grow in their sustainability content</p>	<p>Global Fluency and Social Responsibility,</p>

Badge	Description	Competencies Utilized
  	<p>knowledge and practical experience. Employers are increasingly looking to hire graduates with the skills to tackle environmental, social, and economic challenges. The pathways program allows students to showcase their strengths in these areas across a variety of disciplines. With three badge options, participants have the flexibility to choose their sustainability engagement areas of interest.</p> <p>Learning Objectives</p> <ol style="list-style-type: none"> 1. Students contribute to the reduction of greenhouse gas emissions and energy use 2. Students participate in sustainability-related curricular, co-curricular, service, research and leadership initiatives 3. Students contribute to conservation activities focusing on resource stewardship 4. Students contribute to overall waste diversion through enhanced 3R efforts (reduce, reuse, and recycling). 	<p>Communication, Leadership, Professionalism & Ethical Responsibility, Critical Thinking & Problem Solving</p>
<p>Live Well Financially</p> 	<p>Live Well Financially is a financial literacy education course that helps prepare students for university life and beyond. The course has a set list of modules. This online experience includes quizzes, videos, and activities. A wide range of topics such as student loan debt, credit card usage, and other financial wellness topics.</p> <p>Learning Objectives</p> <ol style="list-style-type: none"> 1. Students will gain financial literacy knowledge 2. Students will work toward developing healthy money management behaviors 3. Students will gain tools and skills for budgeting and saving 4. There will be both an undergraduate and a graduate student winner in this category.</p>	<p>Career Management Leadership Professionalism & Ethical Responsibility Communication Critical Thinking & Problem Solving</p>

Badge	Description	Competencies Utilized
	<p>Student Employee of the Year Category Winner</p> <p>Torch Award – Customer Service The Torch Award is given to the Student Employee who demonstrates excellent customer service.</p> <p>Vires Award – Initiative Given to the Student Employee who goes above and beyond, taking initiative in their role.</p> <p>Artes Award – Critical Thinking Given to the Student Employee who demonstrates critical thinking skills in the workplace.</p> <p>Mores Award – Professionalism Given to the Student Employee who exemplifies outstanding professionalism in all aspects of their job.</p>	
<p>**Design Thinking</p> 	<p>Students who earn a badge in Design Thinking demonstrate the ability to apply a powerful and innovative problem-solving framework in an environment of collaboration with team members. Innovative students use qualitative and quantitative research methods to gain empathy for stakeholders. They are also proficient in creating stakeholder maps, context maps, personas, and journey maps, and then using those to ideate innovative solutions for a product or service. In addition, students are able to generate prototypes of their ideas for user testing and further refinements.</p>	<p>Critical Thinking & Problem Solving Teamwork & Cross Cultural Collaboration Communication Research & Innovation</p>
<p>Recovery Ally Badges</p> 	<p>A recovery ally is someone who offers support to a person who has experienced addiction or substance misuse. This badge signifies completion of experiential learning related to a basic overview of the science of addiction and addresses what an ally does; including learning what might trigger cravings, what words will cause people in recovery to doubt themselves and their ability to recover, when their most challenging times are, and what situations people in recovery might need to avoid. They increase the community’s recovery capital, decrease stigma and grow intervention skills.</p>	<p>Communication, Leadership, Teamwork & Cross Cultural Collaboration, Global Fluency & Social Responsibility.</p>

Badge	Description	Competencies Utilized
		
<p>Unconquered By Debt</p> 	<p>Unconquered by Debt Badges</p> <p>Financial literacy is critical for students to learn as they progress through their academic career and start their adult lives. The Unconquered by Debt badges engage students in a series of workshops and online content that provide the basis for financial wellness and an understanding about how to build wealth. The goals of the program are to enhance financial literacy and transform decision making so that students become wealth creators. The program will promote balanced financial choices so that students fully understand they are responsible for their current and future lifestyles. The focus is on key life choices: career options, earning, spending, saving, investing, managing credit, evaluating risk, insuring assets, and planning for retirement. Illustrating to future employers that they have a sound background in financial planning will enhance a student’s job marketability. In addition, the practice of living well financially will aid students, not only in the long term, but also when applying for jobs in which future employers perform credit checks on applicants.</p> <p>Unconquered by Debt Participation Badge</p>	<p>Critical Thinking & Problem Solving, Career Management, and Digital Fluency</p>

Badge	Description	Competencies Utilized
	<p>Students who are awarded the UBD Participation badge have completed one workshop in this series of workshops offering them an introduction of the basics of financial wellness.</p> <p>Unconquered by Debt Financially Aware Badge Students who move on to complete the UBD Financially Aware Badge have completed a total of three workshops in one semester in the series of UBD financial wellness workshops.</p> <p>Unconquered by Debt Financially Ready Badge Students who progress to the UBD Financially Ready Badge have completed a five module online financial literacy program in one semester.</p> <p>Unconquered by Debt Financially Well Badge This badge will be available in Spring semester 2023.</p>	
<p>KNOwMORE Violence Prevention</p> 	<p>kNOwMORE Violence Prevention:</p> <p>CHAW, in partnership with VAP, CAPS, LIFT, and RISE, is offering a series of virtual and in-person leadership opportunities through the Career Center’s ProfessoNole Pathways and Badges to teach students how to support and care for fellow Noles. This series of workshops provides students with an understanding of topics related to interpersonal violence, bystander intervention, substance use, and how to connect students who may be impacted. Students who complete the core workshops (Green Dot and Trauma-Informed Support), two elective workshops, and an action project will receive the kNOwMORE Interpersonal Violence Prevention Badge to add to their resumes, LinkedIn, and Folio accounts.</p>	<p>Communication, Global Fluency & Social Responsibility</p>
