This Handbook is filled with clickable links to Career Center resources as well as other resources across FSU’s campus and beyond. If a word is underlined and in garnet ([link](#)), there is a link that will take you to a resource.
Dear Recruiters,

We are pleased to provide this handbook to ensure the effectiveness of your organization’s recruiting efforts at Florida State University. For over 50 years, the FSU Career Center has been committed to providing linkages between employers and students, and we are confident our students at FSU are some of the best in the country.

We hoped to hold our Fall STEM Fair and Seminole Futures events in person, but to ensure our students and your health and safety, we will host our events virtually again. We have held firm to our mission throughout the pandemic, and we do not foresee any of this changing. One thing the pandemic has strengthened is our resiliency and the capability to prepare for the unexpected.

I want to take this opportunity to thank Career Center sponsors and members of the Employer Partner Program who have made this publication possible. We appreciate your involvement with our Career Center team in developing a cooperative and productive relationship with FSU. Whether you are looking to fill a part- or full-time position and/or internship, our Employer Relations and Experiential Learning teams stand ready to source your talent via concierge services.

FSU is determined to stay a Top 20 Public University, and as we prepare students for success, your partnership is more important than ever. You, as organizational leaders, have the vision, the knowledge, the means, and the experience to help our students meet their professional goals. You are indeed one of our most significant assets today and tomorrow, and we could not accomplish what we do without your support and partnership.

The FSU Career Center is located in our state-of-the-art, 47,000 square-foot building, the Dunlap Student Success Center. We are asking that our employer partners consider sponsoring a room in The Career Center. This is an excellent opportunity to enhance your brand and show students your commitment to their success. Employer room sponsors will receive extensive campus-wide acknowledgment and visibility in support of their recruiting efforts at FSU.

The FSU Career Center uses NoleNetwork, a Symplicity platform, to support all of our recruiting programs. This platform offers FSU students opportunities to engage with employers across the globe and provides you the opportunity to post career opportunities with multiple schools through one system. Please use NoleNetwork for all your talent needs.

The quality of our students is high, and we believe that FSU is one of the more dynamic, energetic, and growing universities nationally. Once again, on behalf of The Career Center staff, thank you for your interest in our office and students. I am confident that we will further strengthen the professional partnership between your organization, FSU, and The Career Center. We look forward to working with you!

Sincerely,

Myrna P. Hoover

Embedded Career Liaisons
Embedded in various academic units, Career Liaisons work to increase student engagement in experiential learning opportunities, deliver employability skills workshops, and coordinate networking events and career panels. In addition, they collaborate closely with academic faculty, academic advisors, and student organizations.

On-campus recruiting is encouraged in the fall (end of September through November) and spring (February through April).

PLANNING & SCHEDULING VISITS
Florida State University uses NoleNetwork to coordinate all on-campus recruiting (OCR) schedules. Reservations and interview details are made, scheduled, and finalized online.

TIPS FOR SUCCESSFUL ON-CAMPUS RECRUITING

PRESELECT STUDENTS
Be sure that you have identified all preselected students in NoleNetwork two weeks prior to your visit.

PROVIDE RECRUITERS WITH NECESSARY INFORMATION
Often, those making arrangements for on-campus interviews and receiving our information are not the ones visiting campus to recruit. Please be sure that those coming to campus and conducting the interviews are provided all scheduling, location, procedure, and contact information.

TIPS FOR A SUCCESSFUL CAREER FAIR*

KNOW YOUR AUDIENCE
Knowing FSU’s student demographics and population characteristics is important. To learn more about our students, visit career.fsu.edu/stats or ir.fsu.edu.

SEND YOUR FSU ALUMNI TO CAMPUS
FSU alumni are proud of their institution and love to return to their alma mater. Alumni can serve as great advertisements for your organization, especially when they are sharing your organization’s brand and message with students.

REFLECT ORGANIZATIONAL DIVERSITY
Diversity, equity and inclusion are a top priority for FSU students. Showcasing your organization’s commitment by bringing representatives to campus from diverse backgrounds is an ideal way to attract strong applicants. For more details on the FSU Career Center’s diversity and inclusion promise, visit career.fsu.edu/about-us/diversity-and-inclusion.

STAFF YOUR BOOTH APPROPRIATELY - PREPARE FOR PEAKS & VALLEYS
Our peak hours are 10:30 a.m. to noon and 1 to 4 p.m. at Seminole Futures. If possible, arrange to have more than one recruiter at your booth during those times.

INTEGRATE TECHNOLOGY
Multimedia displays and impressive technology will attract students to your booth; however, remember to complement the display with knowledgeable team members. Check with Career Center staff regarding your technology needs.

GIVEAWAYS ATTRACT JOB PROSPECTS
Name recognition and recall go a long way. Identify promotional materials that will arouse interest and link to your recruiting message. Always have enough to make it through the day.

BE CAREFUL ABOUT SHIPPING MATERIALS & HAVE A BACK-UP PLAN
We provide shipping instructions in your career fair confirmation; however, you should always have a Plan B in case your materials don’t arrive. Your fellow recruiters recommend carrying at least 50 copies of materials with you, just in case.

PURSUE SEVERAL GOALS AT THE CAREER FAIR
Make your time in Tallahassee as productive as possible. In addition to attending the fair, schedule opportunities to meet with key people on campus. Faculty members, Career Center staff, and relevant student organizations may be valuable resources in your recruiting efforts.

FOLLOW UP
Once you have attracted a quality group of prospective employees, do not miss the opportunity to keep them interested. Determine your follow-up strategy prior to the fair.

INTERNSHIP OVERVIEW

Historically, full-time, entry-level hires converted from an employer’s own internship program are more likely to persist with the employing organization than their counterparts who have no experience or who gained experience through another organization’s program.

Internships are hands-on work or service experiences:

- Related to the student intern’s major or career goal
- Paid or unpaid
- Student may or may not receive academic credit
- Involves work in a professional setting
- Supervision provided by practicing professionals in the field
- Guided by predetermined learning outcomes, which the intern engages in and reflects upon throughout the duration of the experience

INTERNS PROVIDE

- Fresh ideas on problems facing the organization
- Assistance with projects/tasks that need completing
- Insight on new approaches and business solutions
- Feedback on your products and services from young consumers
- Opportunities to screen and work with potential entry-level employees prior to making a full-time employment commitment

INTERNSHIP OUTCOMES

- Increased brand visibility and product knowledge for your organization at FSU
- A training program and talent pipeline for future full-time professionals within your organization
- Management experience and leadership skills growth for your entry-level employees
- Showcase long-term career opportunities within both your organization and your industry

A benefit of converting interns into full-time hires is stronger employee retention rates.

After one year of full-time employment:

- 67.7% of internal interns were retained.
- 51.7% of external interns were retained.
- 35.7% of employees with no internship experience were retained.

INTERNSHIP TYPES

- Apprenticeship
- Clinical
- Cooperative Education (Co-Op)
- Fellowship
- Field Work
- Practicum
- Research Assistant
- Service Learning
- Student Teaching
- Volunteer

INTERNSHIP LENGTHS

Typically, internships last 10-12 weeks and run on the same timeline as academic semesters:

- Fall (Late August - Early December)
- Spring (Early January - Late April)
- Summer (Mid-May - Early August)

Internship employers typically recognize University Holidays, breaks, and closures, allowing student interns to put studies first.
INTERNSHIP COMPENSATION

Interns are typically paid more than minimum wage in your state.

Internship positions fall under the U.S. Department of Labor’s Fair Labor Standards Act (FLSA).

For an unpaid internship position with a for-profit employer, interns must be gaining experience directly correlated with their major or academic coursework and receiving ongoing professional development and mentorship.

$20.76
Current average hourly wage for interns at bachelor’s degree level.

National Association of Colleges and Employers (NACE, 2021)

US DEPARTMENT OF LABOR FACT SHEET #71

The Federal Labor Standards Act requires “for-profit” employers to pay employees for their work. Interns and students, however, may not be “employees” under the FLSA—in which case, compensation for their work is not required.

For more information, visit bit.ly/DoLFactSheet71.

For-profit organizations that choose to host unpaid interns typically provide alternative forms of compensation, such as:

• A monthly, semester, or project-based stipend
• Housing or a housing allowance
• Meal provision or reimbursement
• Parking/transportation reimbursement
• Sponsored membership to a professional development organization
• Attendance at local, regional, or national professional development trainings or conferences
• Academic scholarships

INTERNSHIPS & ACADEMIC CREDIT

Enrolling in an academic course during an internship means the student will be paying tuition.

For 2021-2022, the in-state charge per credit hour is $215.55 + fees. A typical three-credit course is $646.65 + fees.

Florida State University Registrar

Students do not have to be receiving academic credit from FSU in order to engage in an internship.

Stipulations and guidelines impacting financial compensation and preventing students from being paid for their work if they are receiving college credit are discriminatory.

At FSU, academic credit is always at the discretion of the academic department/program (e.g. Political Science Department or Professional Sales Program) or the college/school (e.g. College of Business or Dedman College of Hospitality).

Not all FSU majors offer an academic internship course. If they do:

• Eligibility requirements for academic internship courses can vary depending on year in school, degree level and major.
• Most for-credit academic internship courses are limited to upper-level students.

After a student secures an internship, the responsibility lies with the student, not the employer, to explore the potential to earn academic course credit.

Organizations hiring interns should design their internship program around their own needs, not academic course requirements.

When recruiting for your internship program, you can emphasize your organization’s willingness to complete any needed forms to facilitate a student earning academic credit, such as including a statement in your internship position description:

Can I use this internship/co-op for academic course credit at FSU?

Contact your major’s internship coordinator to get the appropriate paperwork. If our internship fits your academic program’s requirements, we’re happy to work with you to fulfill requirements and complete paperwork, when possible.

As Universities grant academic credit, an internship employer cannot guarantee that their internship will qualify for academic course credit. However, students always appreciate employers willing to work with their university in order for them to earn academic course credit.
ALTERNATIVES TO ACADEMIC CREDIT

While the FSU Career Center does not grant academic credit for internships, we do offer a program for FSU students to earn recognition from FSU for completing an internship.

Experience Recognition Program (ERP)

The ERP program facilitates students’ professional development and growth through goal-setting, reflection, and self-evaluation. Students can earn recognition in one of two ways:

1. Certificate
   • Receive a certificate of completion
   • Upload certificate to LinkedIn or Career Portfolio

2. Transcript Notation
   • Participate in zero (0) credit hour virtual course
   • Graded on S/U scale

Visit career.fsu.edu/erp to learn more.

LAUNCHING AN INTERNSHIP PROGRAM

Converting students who have taken part in your internship program into full-time employees is often a primary goal for most organizations.

As you think about hosting an intern, it is important to make sure your organization is ready.

Hosting a successful intern requires:

• **Time** – someone to train, supervise, and mentor
• **Physical/financial resources** – work space, computer/internet access, telephone/voicemail, etc.

The best-laid plans actually do make for the best internships – and create the most value for both the employer and the intern. So, it is worth the extra work in the beginning to assess your organizational need and readiness.

ASSESS ORGANIZATIONAL NEED:

• Are there back-burner projects that you would like to see completed?
• Is there a big project or peak season when your organization needs extra help?
• Do you have a specific employee that would benefit from extra short-term assistance?
• Do you have any existing resources or programs that need an update?
• Do you have a great idea that your organization needs help launching?

ASSESS ORGANIZATIONAL READINESS:

• Does your organization have both the time and resources to develop and mentor an intern throughout the entire experience?
• Is there a physical space for the intern to complete work equipped with the necessary technology?
• Can you develop a clear plan of how the intern can effectively contribute to your goals?
• Do you have a supervisor with some degree of expertise in the area in which the intern will be working?
• Who will be responsible for planning and executing your intern’s onboarding and offboarding process?
• Does your organization have the supervision structure to ensure the intern is meeting organization standards?

DEVELOPING A COMPELLING POSITION DESCRIPTION

Your internship position description is often the first impression a student has of your organization! Well-developed internship position descriptions always garner the most interest and applications from student candidates.

When crafting your position description, we recommend including the following:

1. Why should a student choose your internship opportunity?

   **Incorporate a compelling (short) description of your organization.**

   FSU students may not be familiar with your organization, so adding details builds interest about your mission and community impact.

   **Example:** “Our solutions allow our clients to increase productivity and profits. We’re no strangers to the IT industry; we’ve been in business for 30+ years.”

   **Lead with a concise overall statement describing the internship opportunity.**

   **Example:** “The Event Management Intern will work directly with the Event Planner to plan and execute a flawless annual conference welcoming 5,000 professionals for a week-long continuing education program.”

   **Use adjectives that accurately describe the work environment and culture (team-oriented, fast-paced, etc.).**

   **Example:** “We’re a big company that feels like family, with offices across the U.S. and the globe. When you become our colleague, you join a family of innovators dedicated to making big things happen every day.”

Typically, employers begin recruiting interns eight months before their start date.

2. What will the intern gain from choosing your opportunity?

Provide a description of what the intern will learn from this opportunity.

Example: “Experience will be gained in event planning, volunteer management, B2C communications, community grassroots marketing, and vendor management.”

Brag on the supervisor – students want to know who will mentor them!

Example: “The intern will work under a supervisor, with the opportunity for mentorship, that has 20+ years of experience running multimodal communication strategies for Fortune 500, large non-profits, and lobbying organizations.”

Provide a description of any professional development opportunities available to students.

Example: “Perks of working with our office include networking with a world-class team, attending meetings with high-level leadership, your own office, and an occasional ice cream or coffee outing (maybe even lunch!). And, we have an on-site fitness center.”

3. What skills are needed for an intern to succeed in your internship program?

Articulate the specific qualifications and skills. Avoid being vague.

Example: “Excellent quantitative problem-solving and analytic skills. Ability to communicate financial and economic concepts in verbal and written forms. Capable of managing multiple projects and meeting deadlines. Experience doing empirical research with large data sets.”

SETTING YOUR INTERN UP FOR SUCCESS

ORIENTATION

Intern orientation should be held on or before the first day of work.

In preparation for their arrival, you can make them feel valued by pre-ordering any nametags, branded shirts, door plaques, business cards, etc.

Before they arrive, set up their assigned work area including a telephone, computer, internet, voicemail, etc. and stock with office supplies.

And remember, this may be your intern’s first professional experience, so you may need to have a more detailed orientation than with a full-time hire. Consider including the following:

Describe the organization’s history
- Where did it begin?
- How has the organization changed? What triggered those changes?
- What are the organization’s future goals?

Explain the organizational structure
- Provide a copy of your organizational chart. Explain how the team/departamental groupings were created.
- Take time to explain the specific reporting structure for the team the intern works on.
- Provide the intern with personnel resources – who can and should answer future questions on the organization structure?

Outline organizational rules, policies, decorum, and expectations
- Is there special company or industry jargon the intern needs to know?
- Reiterate specific work standards and procedures including dress code and office norms.
- Detail any policies around using technology, printing, or using work phones for personal business.
- Explain any security or confidentiality policies.
- Explain protocol and use of break rooms (including refrigerators, microwave, communal coffee pots, etc.).
- Provide initial (and ongoing) training on mail, telephone, email, and other systems that will be utilized for work.
- What local, state and/or federal guidelines or law apply to the intern’s work?
- What safety regulations must the intern abide?
- How should they order or request office supplies?
SUPERVISION

DEVELOPING LEARNING GOALS
Develop learning goals with your intern to identify outcomes and desired experiences. Learning goals should be SMART (Specific, Measurable, Attainable, Realistic, and Time-bound). To ensure time is spent productively, collaborate with your intern to create these goals. Learning goals may relate to:

Job Skills (“Hard Skills”)
- Concrete skills the intern hopes to obtain or build, such as learning to follow or perform appropriate procedures, utilize special equipment/technology, and execute specific methods or job-related tasks.

Personal/Professional Skills (“Soft Skills”)
- Less tangible skills and competencies the intern hopes to cultivate such as self-confidence, working effectively with others, professional etiquette, networking, time management, organization, and decision making.

Career Field/Industry Knowledge
- New information regarding the company, industry, occupation, or job duties.

DETAIL YOUR SUPERVISION STYLE & EXPECTATIONS
- How much access to you does the intern have?
- What is your preferred communication style?
- Is there a procedure you want to follow for reviewing completed work?
- What periodic forms or reports do you want the intern to complete?
- What tasks can be completed without your approval?

PROVIDE ONGOING FEEDBACK
Interns will look to their supervisors for guidance in navigating their transition to the professional world. Meet with your intern regularly.

Make sure to reinforce positive attitudes and encourage your intern to keep a portfolio of work throughout the experience.

This will help your intern reflect when the internship has been completed and will provide a sense of accomplishment and professional growth.

PROVIDE PROFESSIONAL DEVELOPMENT
- When possible, allow your intern to shadow you and other organizational leaders during meetings, presentations, conference calls, sales pitches, etc.
- Take your intern to any local professional development sessions/trainings or trade shows.
- Set up intra-organizational job shadow opportunities to provide a full picture into your organizations.
- Schedule informational interviews with your peers and mentors to provide a deeper look into career paths and advancement opportunities in your career field or industry.

Make your intern feel like part of your team!

EVALUATING YOUR INTERN
When evaluating your intern, be sure to include feedback on their timeliness and ability to take and follow direction. Mention areas that need growth and development, as well as areas in which the intern excelled.

Internships are experiential learning opportunities designed to enhance academic coursework. It is recommended that intern evaluations mimic the rhythm of an academic semester:

The first evaluation
- When: One to three weeks after orientation, onboarding, and training are complete
- Goal: Ensure everyone’s initial expectations are being met

The second evaluation
- When: Mid-point of the internship
- Goal: Assess progress made towards agreed-upon learning goals and determine if additional resources are necessary to complete assignments. Provide constructive feedback on areas of professional growth.

The final evaluation
- When: Last week of the internship
- Goal: Both supervisor and intern can reflect on the experience, celebrate successes, assess professional growth, and constructively discuss areas of improvement for both the intern and the internship program.

**PROVIDE FOLLOW-UP DATA AFTER YOUR VISIT**

The Career Center collects data from organizations that recruit on campus in order to provide feedback about interviewing activity and hiring data. This data, while reflective of on-campus recruiting activity during the past academic year, does not reflect all employment services at Florida State University.
