

FLORIDA STATE UNIVERSITY
DIVISION OF STUDENT AFFAIRS

THE CAREER CENTER

Dear Seminole Futures Recruiter:

I would like to take this opportunity to thank all employers participating in Seminole Futures Career Fair. It would be an understatement to note that we very much appreciate your attendance at this event. In addition, we encourage you to engage in our on-campus interviewing program and to post internship and full or part-time jobs through NoleNetwork. We are committed to maintaining the high quality of our fairs and employer services in support of employers' recruiting efforts. I believe you will agree that FSU's Seminole Futures represents one of the leading university career events of its kind at the national level and that our students are some of the best in the country.

The Career Center enters into our sixteenth year in the state-of-the-art Dunlap Success Center (DSC) where career advising, experiential learning programs, mock interviews, on-campus interviewing, and other employability programs are offered for all majors. We have received feedback from employers and other career center directors who consider our campus interview facility to be one of the best in the country! We are asking corporate donors to support our innovative Career Center in naming facilities within the Dunlap Success Center. Specific information regarding **corporate sponsorship/naming of Career Center rooms** in the DSC is provided in the *Employer Handbook* online at career.fsu.edu/employers. We also encourage employers to leave a lasting mark on FSU's campus by becoming a **Styled for Success Donor** which supports the ProfessioNole Clothing Closet. Donations for this new donor wall start at \$500.

To provide concierge-level customer service that infuses new innovative methods to build connections between employers and students, we have redesigned our FSU Career Center Partner program, which now includes a new Champion tier in addition to Gold and Garnet. Champion Partners will choose their booth location at Seminole Futures and the STEM Career and Internship Fair and have exclusive access to strategic planning consultations with the Program Director of Employer Relations to maximize each campus visit. Gold Partners will work directly with a dedicated member of the Employer Relations team to build their on-campus recruiting schedules and much more! More information about naming opportunities, Partner programs, and Styled for Success Donors can be obtained by contacting Christy Mantzanas, Program Director for Employer Relations at cmantzanas@fsu.edu.

I would like to thank Tori Andrews and Heather Lazar for their superior work in coordinating this event. They and the other Career Center staff have worked diligently to ensure employer participation and student attendance. Once again, on behalf of the Florida State University Career Center staff and the Division of Student Affairs, thank you for participating in our Seminole Futures Career Fair.

Sincerely,

Leslie Mille
