

## CAREER & INTERNSHIP FAIR WORKSHOPS

Time	Location	Title	Description
9:30am-10:30am	A113	<b><i>Establishing Effective Faculty Connections</i></b>	Do you want to gain experience in a professor's research lab but don't know where to begin? First impressions are key. Join us for a workshop discussing tips and strategies for establishing effective faculty connections.
9:30am-10:30am	B135	<b><i>Elevator Pitch 101</i></b>	Are you able to showcase your talents to an employer in less than 90 seconds? Capitalize on opportunity at any moment and engage in this employer led workshop!
9:30am-10:30am	B136	<b><i>Women in STEM</i></b>	Did you know women working in STEM jobs earn, on average, 33% more than those in other fields, yet women account for only 29% of the STEM workforce? Join us for an interactive session to inspire, motivate, and prepare collegiate women to thrive in STEM careers.
11:00am-12:00pm	A113	<b><i>Experiences Matter: Shadowing, Internships, Research, and Involvement</i></b>	How can being involved in college help you career? Experiential learning, is a key part of determining your interests, values, and skills outside of the academic classroom. Experiential learning also facilitates identifying and strengthening skills needed to succeed post-graduation.
11:00am-12:00pm	B135	<b><i>Technical Interview 101</i></b>	What do employers really want to know during your interview? Technical interview questions assess a candidate's problem solving skills, reasoning abilities, and technological skill level. Learn how to interview better!
11:00am-12:00pm	B136	<b><i>STEM Entrepreneurship</i></b>	Are you a STEM student who also has an interest in business? Innovative thinking and an entrepreneurial mindset are keys to any professional in STEM. Hear from the College of Engineering's own Entrepreneur in Residence.
1:30pm-2:30pm	A113	<b><i>Embracing Diversity in the Workplace</i></b>	How do you feel diversity contributes to the success of a company? Diverse backgrounds, perspectives, and beliefs enrich the learning experience. Join us for an interactive session discussing concepts related to bias, benefits of a diverse community, and self-care.
1:30pm-2:30pm	B135	<b><i>Networking 101</i></b>	Sometimes it's who you know! How do we do it and where do we start? Here, you will learn how to collaborate, build partnerships, and connect with employers.
1:30pm-2:30pm	B136	<b><i>International Students Job Search Strategies</i></b>	Are you an international student who has questions about your career path in the U.S? Representation from FAMU and FSU offices will review the CPT/ OPT process for international students, as well as some key points when going through a job search.
